My Darling,

Its so nice to get letters from you every day and I really feel ashamed for missing writing to you. You should have had a letter by Wednesday tho.

Sure am glad youre finding something for entertainment while I'm gone for I know it's mighty lonesome for you there. Its sure rough being without you here, and I'm occupied almost every minute.

To night, the boys and myself bought a 5th which we had before supper, then went to a basket ball game between Goodyear - Chevrolet at the Goodyear Gym - Pickers on Edys - was a good game but our team lost.

Please don't have to much hair taken off when you get the permanent and be sure ~~and~~ and go to a good operator. Don't want my pretty wife messed up.

Don't carry this working to extreme
around the house while I'm gone.
Doing too much could easily cause
you to have our baby sooner
and I wouldn't want that to
happen before I get back.

Be sure and let me know
the doctor's report and about
everything else as soon as you
know.

I'm learning a lot in
school and believe it is all
going to be worth while to me
so long as we're in the tire
business. Will tell you all about
that when I get home.

Well, be sure and take
care of yourself and Eve real
well and keep those nice
letters coming.

All my Love,
Don.
