HOTEL

Winna my Darling,

Only two more weeks
to go and we'll be together again..
I wouldn't mind half so much
if things were normal. Please keep
in touch with mother constantly
and you can reach me through
the day at Goodyear Hall Room
350.

No disregarded Gilbert's
letter asking ^{for} money to go home
on for. I know he wouldn't pay
it back. you let mother know
he wrote us. Grand dad I sharp
didn't know he was going to
write evidently for he knew
he would be in Akron.

To night I went to a
show with a store manager from
the Kansas City district but
didn't enjoy it much. It was
the 3 Godfathers, a western with
John Wayne.

Today we turned in our first expense account and will get our money for it Monday. Sure am glad I got the \$150.00 from our bank account. Have plenty to do with now but wouldn't have without it.

My last expense check was returned to be made out in ink and I've forwarded it to me. I thought by your letter that both have come in let me know. Jan 31st one was returned.

The hotel accommodations are the very best and everything would be first class if only I had my family where I could be with them.

Don't hesitate a minute to phone if it will help make things any easier for you. I know what it means being left alone at this time. I only wish I could be with you just in case we do have it figured wrong.
